Aegis Technologies

LLC · GOVERNMENT CONTRACTOR

Capability Statement

www.aegistechnologies.us · November 2026

Company overview. Aegis Technologies LLC delivers IT and cybersecurity services, consulting and program support, administrative support and training, and supplies IT products and office supplies to government buyers and prime contractors. Our Executive Director leads every contract, backed by vetted subcontractors and teaming partners selected for each requirement.

CORE COMPETENCIES

- **IT and Cybersecurity Services:** security and compliance support, vulnerability scanning and patch management, NIST SP 800-171 and CMMC readiness support, help desk, infrastructure and network support.
- **Management Consulting and Program Support:** program management support, quality management systems, internal audits, corrective action, root cause analysis, supplier quality.
- **Administrative and Business Support:** office administration, records and document management, back-office support.
- **Training and Workforce Development:** curriculum development and delivery, quality and compliance training.
- **Design, Technical Writing and Print:** graphic design and technical writing; print and binding through a publishing partner.
- **IT Products and Office Supplies:** computers, peripherals, security products and office supplies to specification.
- **Local and Field Services:** cabling, installation and on-site services through vetted local subcontractors.

DIFFERENTIATORS

- **One accountable leader** on every contract, reachable directly from award to closeout.
- **A team built per requirement:** vetted subcontractors checked for active SAM.gov registration, exclusions, insurance and flow-down clauses before work starts.
- **Quality system discipline** from more than 18 years of aerospace quality leadership.
- **Verifiable records:** no claimed certifications or past performance we do not hold.

LEADERSHIP EXPERIENCE

James T. Porter, Executive Director, has more than 18 years in aerospace manufacturing at OEMs and Tier 1 and Tier 2 suppliers, across commercial and defense programs: quality engineering, supplier development and supplier quality, including leading engineering teams across a regional supply base. ASQ Certified Quality Engineer, Lean Six Sigma Black Belt, AS9100D Lead Auditor; M.S. Engineering Management, Penn State.

This is the Executive Director's own experience, not company past performance. The company has no federal contract awards to date.
